3. From the TPX Menu, you can disconnect from the mainframe by doing one of the following:
 - a. By selecting the Disconnect button in the upper left corner, or
 - b. By typing "/k" on the command line and press Enter (keyboard option has to be set for 1K).

AFRS PRIMARY MENU

BI Batch Interface Log

Users can view a log containing the date and time that AFRS received batch interfaces for your agency.

CL Help Phone List (Contact List)

Shows customer support phone numbers for all systems maintained by DES.

EX Exchange Data Sets

Provides list of completed jobs for exchange data sets ordered from AFRS and DRS reporting screens.

IN Input/Correction (Payment maintenance)

- Input financial and payment maintenance transactions.
- System interactively edits transactions on financial input screens against the tables for valid coding.
- System holds financial transactions and payment maintenance transactions for nightly processing and file updates.

IR IRS 1099 Menu

View past IRS 1099-MISC documents which were submitted to the IRS. **Note:** This menu will be removed when the last 1099 drops off the file as Account Ability is the current application and stores the 1099 data.

MI Master File Inquiry

- View allotment, appropriation, general ledger and subsidiary balances as of nightly update.

- View document file and recent transactions by batch date & batch in history (transaction) file.
- Billing agencies view IAP (Interagency Payment Receipts).

OM OMWBE Sub-Contractor Reporting (Office of Minority & Women’s Business Enterprises)

Allows agencies to enter Sub-Contractor information into a file that is transmitted to OMWBE and ER for reporting using Minority- or Women-owned businesses for OMWBE Participation.

RD On-Demand Reporting

- Order regular AFRS reports during AFRS online hours. Reports include balances after the previous night’s update as of current or prior month. The only available reports are:
 - MCP482N, MCP482P, MCP482R
- Print these reports at remote or DES printers. Send report to an exchange data set file for downloading and printing at your workstation. Schedule reports to run on future dates. Refer to separate documentation.

Note: The statewide reporting system is called Enterprise Reporting (ER) and AFRS reports have been transitioned to this environment. For information on reporting, go to <http://www.des.wa.gov/services/IT/EnterpriseReporting/Pages/default.aspx>. From this link you can get access to Enterprise Reporting, see training availability and other ER related information.

RR Report Request

Update online report requests for optional daily and weekly reports. Maintain mailing label/banners used by these reports and other AFRS print routines.

SS System Security

Agency security officers: Add or update AFRS security levels online for agency Logon IDs which they have established with Consolidated Technology Services (CTS). Print a report of agency AFRS security records.
