SUBJECT: Additional Information Technology Projects Subject to Section 701 IT Oversight

The state Office of the Chief Information Officer (OCIO) is submitting this memo in compliance with Section 701(12) and Section 701(10) of the 2021-23 operating and transportation budgets:

"The office of the state chief information officer, in consultation with the office of financial management, may identify additional projects to be subject to this section, including projects that are not separately identified within an agency budget. The office of the state chief information officer must report on July 1 and December 1 each calendar year any additional projects to be subjected to this section that were identified in the previous six-month period to the legislative fiscal committees."

During this reporting period, between June 1 and Dec. 1, 2021, the OCIO, in consultation with the Office of Financial Management (OFM), subjected eight IT projects to gated funding oversight, subject to the conditions and limitations of Section 701 of the 2021-23 operating or transportation budgets. Attached is a list of these projects.
