Welcome & Introductions

Advisory Council Chair Matt Oram, Department of Fish & Wildlife, welcomed the group.

Updates:

Greg Tudor mentioned the State Auditor's Office wants to let agencies know there are a number of IT security audits due for compliance of OCIO policy 141. They are expecting a backlog and would like agencies to get started early.

Jim Weaver stated MS Teams breakout rooms are now available in the shared tenant. A discussion is scheduled for December 28 with MS regarding the standard for the state accessibility and disability issues with the goal to be at a better outcome than where we are at today. Jim thanked everyone for all their hard work in 2020. It was a challenging year and the community did some phenomenal things.
