Next steps

The screenshot shows the WaTech website homepage. At the top right, there is a yellow button labeled "CHECK SERVICE STATUS". Below it is a search bar with the word "Search" and a magnifying glass icon. A red arrow points down from the search bar to the "RESOURCES" link in the navigation menu. The navigation menu includes "SERVICES", "POLICY", "SECURITY", "RESOURCES", and "CONTACT". The main content area has a dark blue background with a central cloud icon connected to various devices like laptops, servers, and smartphones by blue arrows. On the left, the text reads "M365 is on its way" and "Let us help you join other state agencies in our shared space in the cloud." Below this is a green button labeled "Learn more." On the right, a white text box contains the instruction "Create a webpage on watech.wa.gov".

M365 is on its way

Let us help you join other state agencies in our shared space in the cloud.
