WaTech Enterprise Automation Service-Estimated Base License Pricing:

Note: These are the UiPath licenses that will be needed for most agency automation projects.
The quantity of licenses required will depend on the project and the final SOW with Agency, SI, and WaTech. Some agency projects may require licenses not list here, and will be identified during the development of the agency's SOW with SI, and WaTech will provide pricing for those licenses during development of finalized SOW.
