

ESS Approve/Reject Leave Request on Behalf of Your Employee

Purpose Use this procedure to approve or reject leave requests from frontline staff on behalf of your employee who is a direct report to you.

An example of this may be that your direct report is on vacation and you need to approve/reject leave requests for their staff while they are out of the office.

You will not receive an email from these frontline staff notifying you that a leave request is pending action. You will need to log into ESS and access your direct report's worklist to view pending leave requests.

Important Notice about employee's with a 24/7 work schedule. They **MUST** submit **SEPARATE REQUESTS** for **EACH DAY** of leave taken. If a single request for multiple days is submitted, ESS will display the error "A separate leave request is required for each day."

Supervisors will monitor employee leave balances and approve or deny requests, ensuring the request is coded correctly in accordance with Chapter 357-31 and corresponds with the employee's work schedule.
